## The Graefenberg Medicines are entirely Vegetable.

They do NOT CONTAIN ONE PARTICLE OF CALOMEL OR MERCURY IN ANY FORM, *nor any* MINERAL DRUG WHATEVER. This fact is proved beyond a question. All of the Graefenberg preparations are made of the most skillfully compounded vegetable simples of the greatest value and efficacy. The formula of these wonderful family remedies has been sent to all the medical colleges and leading medical men in the country, and the truth of their perfect harmlessness, great simplicity, and yet wonderful efficacy (*because they act in harmony with the fixed laws of Nature and of Providence*), can be made apparent to all.

### TESTIMONIALS.

*From the New York Tribune.*

The Graefenberg Family Medicines are most reliable. In the universal and distressing diseases of women, the remedies are gentle, judicious, and surely effective.

*From the New York News.*

The high moral character of the gentlemen of the Graefenberg Company, and the medical skill of the consulting physician (Dr. Bridge), should induce entire confidence in their preparations.

*From the New York Daily Times.*

The Graefenberg Company have refitted their rooms, so that every accommodation is afforded those who desire the personal advice of the consulting physician. All invalids, and strangers visiting the city, who require professional advice, had better call upon him. Dr. Bridge is a regular physician, of fine attainments, and of great judgment and discrimination in the treatment of disease.

My personal acquaintance with some of the members of the Graefenberg Company fully justifies me in expressing the opinion that their medicines are worthy of confidence.

FRANCIS HALL, Editor and Proprietor  
New York Commercial Advertiser.

I hereby certify that I have examined a number of testimonials exhibited to me by the Graefenberg Company, relative to the merits of their medicines, and I take pleasure in saying that they present evidences of genuineness, and are therefore entitled to the confidence of the public. N. BANGS, D. D., of the Methodist Church.

I certify that the Graefenberg Company have submitted to me certificates of Francis Hall, Esq., and the Rev. Dr. Bangs. They are genuine and deserving of confidence. WM. V. BRADY, Mayor of New York.

ATTENTION IS EARNESTLY REQUESTED to the names of distinguished persons who have spoken regarding the value of Graefenberg treatment in various portions of this Almanac, and to the following:

L. H. HATFIELD, American Consul, Bombay.

# 1863.

SINCE our brief annual note of encouragement in 1862, there has been little in the aspect of the business or political world to cause rejoicing. Strife and dissension between friends and brothers have prostrated business and devastated the hearts and homes of thousands. Sickness and sorrow have abounded. Under Providence, the Graefenberg Family Medicines have alleviated the sufferings of the sick and wounded soldiers, and restored health and happiness to many a household. In the ordinary diseases incident to this country they have proved as valuable as ever, and the unprecedented prosperity of the Graefenberg Institution has enabled it to extend a helping pecuniary hand to many whose all has been sunk in the unhappy political convulsions through which the country has been passing. In again offering our Annual, we congratulate our friends on the peaceful and prosperous final ending of all civil and business troubles, and assure them of our continued ability and inclination to serve them as faithfully as heretofore.

**JOSHUA F. BRIDGE, M. D.,**

*Secretary and Resident Physician Graefenberg Institute,  
No. 2 Bond Street, New York.*

THE GRAEFENBERG FAMILY REMEDIES consist of eleven medicines, among which will be found one suited to the prevention and cure of all diseases incident to this country and climate. Full descriptions of them, and of all diseases, their symptoms, cause, prevention, and cure, will be found in the *Graefenberg Manual of Health*, a family medical book of 300 pages, which is sold or sent by mail for 25 cents, and which is illustrated with elegant engravings of the human system.

The medicines are—

### Eclipses for the Year 1863.

There will be four Eclipses this year, as follows:—

I. A Partial Eclipse of the Sun, May 17th, invisible in the United States, except in California, Oregon, and Nebraska.

II. A Total Eclipse of the Moon, June 1st, visible only as a *partial* eclipse in the United States. The Moon will *rise* at New York as shown in the calendar pages, and at that time will be about two-thirds eclipsed; which leaves in 45 minutes.

III. An Annular Eclipse of the Sun, Nov. 11th, invisible in the United States.

IV. A partial Eclipse of the Moon, Nov. 25th, visible. Begins at New York at 2 h. 19 m. in the morning; becomes largest at 4 h. 4 m.; ends at 5 h. 40 m. Size, 11,472 digits.

## Why are the Graefenberg Family Medicines more valuable than the prescriptions of a Physician?

Because the physician only gives medicine according to old formulas and prescribes by the books, while the *Graefenberg Medicines* ARE GOT UP EXACTLY IN ACCORDANCE WITH THE LAWS OF NATURE. What says one of the most learned men of the age? "The best science of to-day is the ignorance of to-morrow. Every year some bold seeker develops a truth which is of the greatest value to the human race, but to which the school-men of science are blind as moles. Such great truths are found in the Graefenberg Family Medicines."

### THE GRAEFENBERG VEGETABLE PILLS.

(Entirely Vegetable. See page 1.)

This remarkable pill, of which more are daily sold than of all other pills together, was discovered under the following circumstances:

A physician of mature years had suffered for more than a quarter of a century from disease arising from indigestion and bilious troubles. During his illness he learned, by profound research and study, that the great obstacle in the way of a cure was that physicians treated all the diseases of indigestion as *separate* complaints, while, as they *all* arise from derangement of the digestive organs, they should be grouped into one class, and a remedy prepared which, by striking at the very root of the difficulty, would entirely eradicate it from the system. Following out the plan suggested by this discovery, and aided by the most eminent medical and scientific men of the age, he combined the simple yet wonderfully effective Graefenberg Pill. It entirely restored him to health and has never failed to prove equally efficacious since. It is a striking evidence of the vast curative power of vegetable simples when combined and used in accordance with the laws of nature.

Nature cures the diseases arising from the same *cause* with the same remedies, no matter by what diversity of name they are known. All of the leading principles of natural cures enter into the Graefenberg Vegetable Pills; hence their great efficacy in any of the following complaints.

#### Bilious Complaints.

Asthma,  
Constipation  
Dyspepsia,  
Erysipelas,  
Low, Nervous, and Simple  
Fever.

My position as a clergyman, and at the head of a large literary, educational institution, has given me opportunities to extend the use of your medicines, and I wish to say that I have used no medicines in which I have so large confidence as I have in those of the Graefenberg Company.

GEO. S. CHADBOURNE, Poultney, Vt.

(Continued on page 4.)

I can truly say that I believe the Graefenberg Vegetable Pills have been the means of saving my life on more than one occasion. In my opinion there is no medicine more valuable in bilious complaints.

JOHN M. BALTHIS, Victoria, Knox Co., Ill.

I, William Smith, Governor of Virginia, certify and make known that Joseph Prentice—who signs a certificate relating to the Graefenberg Vegetable Pills—is the Clerk of the Court of this State. The said certificate embraces the names of the most reliable and responsible people in this community, and certifies to the invariable curative action of the Graefenberg Vegetable Pills.

And I further testify that full credit and faith are due and ought to be given to said certificates.

In testimony whereof, I have subscribed my name, and caused the Great Seal of the State to be affixed hereunto.

WILLIAM SMITH, Governor.

We, the undersigned, citizens of Bracken County, Kentucky, certify that for many years we have frequently used in our families various kinds of medicines, some of which have been prescribed by our family physicians, and some others, called "patent medicines," we have purchased from druggists and merchants who had them for sale. We have recently used the "Graefenberg Family Medicines;" we have fully tested their *virtue* and *merit* by using them at different times; we have seen and heard of their remarkable efficacy both in our own and other families, and we deem them *decidedly* the most *deserving*, the safest, and most valuable family medicine ever offered to the public, and we recommend them to all who need medicine.

A MAN in White Plains, N. Y., who had suffered from nervous debility, constipation and bilious difficulties until life became a burden, was entirely cured by three boxes of The Graefenberg Vegetable Pills, taken according to directions on the box.

CAN a man who has been fined by the magistrate again and again be considered a re-fined man?

A CERTAIN preacher in Iowa once took the text, "Husbands, love your wives." Having proceeded to a great length on the main subject, he arrived at his application much out of breath. Pansing for a moment to wipe the sweat from his brow, he glanced towards his wife, and began as follows: "Now, bretherin, we sar'thly don't love our wives as we'd orter! I don't love Em'ly as I'd orter, but if I was to have another wife I'd love her better'n I hev Em'ly."

ANOTHER preacher took for his text, "In my Father's house are many mansions." An old farmer in the congregation arose at once, saying, "Folks, that's a lie. I know his father well; he lives in a little log house with only one room in it."

## THE GRAEFENBERG GREEN MOUNTAIN OINTMENT.

(*Entirely Vegetable. See page 1.*)

Among the diseases to which this wonderful Ointment is adapted are the following:—Glandular Swellings, Ague in the Face, Swelled Breast and Sore Nipple of Nursing Women, Bronchitis, Felons and Ringworms, Scald Head; and it is an invaluable dressing for Burns, Scalds, Drawn Blisters, Shingles, Chilblains, Ulcers, Fever Sores, Salt Rheum, Bruises, Wounds, Chafed Skin, Erysipelas, Excoriations and Chafings, Stings of Insects and Bites of Mosquitoes, &c., &c. In all Inflammatory Complaints it acts immediately and successfully, affording instant relief.

My mother had a severe attack of Erysipelas in the face, and it swelled to such a degree that she was nearly blind. A box of the Graefenberg Green Mountain Ointment applied to her face completely cured her. The Vegetable Pills were taken to drive Humors out of the system.

DAVID WITHERBEE, Watertown, N. Y.

By accident, a long nail was run into my foot, and in a few hours inflammation appeared. (The pain was also very great.) Half a box of Graefenberg Green Mountain Ointment completely healed it, and I believe I was saved from weeks of confinement by its use.

NOAH RECTOR, Highland, Ohio.

I, H. McLaurin, do certify that I gave to a friend of mine, Mr. J. Robinson, residing about 13 miles above Austin, a box of the Graefenberg Green Mountain Ointment to apply to a sore leg of 30 years' standing, and it is entirely well and sound from the use of this *one box* of the Ointment.

H. McLAURIN, Austin, Texas.

The Graefenberg Green Mountain Ointment will cure OLD SORES of any kind, even when they reach clear in to the bone.

This is to certify, that I have used the Graefenberg Green Mountain Ointment for many years in cases of Soreness of the Chest, Croup, Sore Throat, and for various Inflammations, Burns, Scalds, &c., and I pronounce it the best thing ever used.

## THE GRAEFENBERG PILE REMEDY.

(*See page 1.*)

It is a certain cure for Piles and Fistula in their worst forms. It has been used for more than sixty years with the most complete success. It is the discovery of an old army surgeon, who cured all the cases under his treatment in the war of 1812, though the exposures and constant marches of the troops necessarily rendered the disease obstinate; and it was the only remedy which did cure,—other regiments suffering greatly, without relief.

*From GEN. WILLIAM HAYDEN, Adjutant-General of the State of Connecticut.*

I had been afflicted with the Piles, in their most distressing and discouraging form, for a period of twenty years. I had had recourse, also, to the best medical skill, and this, too, without benefit. I supposed my case incurable, perfectly so; indeed, I thought the disease would destroy my life. Under these circumstances, I commenced the use of the Graefenberg Pile Remedy, and the result is all I could ask. The relief was immediate and inexpressibly great; the cure certain; and there is no language at my command sufficient to express my gratitude. In my experience with military men and others, I have seen the wonderfully beneficial effects of this remedy to such an extent that I cannot urge its use too strongly. To give the greater weight to my statements, you can refer to the following persons:—Hon. T. W. Stuart, Member of Conn. Senate; Hon. John M. Niles, U. S. Senate; Hon. Gideon Welles, Wasington, D. C., ex-Governor; Gen. Scott and Capt. Taylor, U. S. Army, &c., &c.

WM. HAYDEN.

A lady in Wilton tried the Graefenberg Company's Pile Remedy, when she had given up and thought herself incurable, and found almost instant relief.

R. E. W. HUNTLEY, Temple, N. H.

## THE GRAEFENBERG SARSAPARILLA COMPOUND.

(Entirely Vegetable. See page 1.)

Will cure impurities and all diseases of the blood, Humors, complaints in the bones and general system, arising from mercury or Syphilis; general debility and skin diseases; all chronic general diseases, and all complaints in the Spring and Autumn arising from changes in the weather.

The great value of Sarsaparilla, in all cases dependent upon any impurity of the blood, or chronic taint in the system, has long been known. This value is remarkably increased in compounds like the Graefenberg, which combine with the Sarsaparilla other purifying agents.

The Graefenberg Sarsaparilla is put up in small bottles, of the highest possible concentration, as is evidenced by the smallness of the dose—a small tea-spoonful. In short, it is *medicine*. No starch, gums, or molasses is added to give it apparent body. It is also purely vegetable. It is, therefore, the best, and really the cheapest, Sarsaparilla before the public.

SCROFUL, CHRONIC RHEUMATISM, GOUT, ERYSIPELAS, PIMPLES, AND ALL ERUPTIONS are cured by the Graefenberg Sarsaparilla.

I have been afflicted for over twelve years with disease caused by impure blood, and shown by Eruptions, Humors, and great general derangement. The Graefenberg Sarsaparilla Compound cured me entirely, after I had exhausted Allopathy, Homeopathy, and all other schools, in vain, and had been nearly killed by them besides.

CHARLES MEREDITH, Catskill, N. Y.

My own decided impression in favor of the Graefenberg Sarsaparilla Compound being corroborated by the opinion of Prof. Frost, of South Carolina, I used it among my patients in all cases of impure blood, or general chronic ailments, or venereal and mercurial taints, or whenever any symptoms existed for which you advertise it as a remedy; and, I am happy to say, it has proved entirely successful. It is the only remedy that I know of which is reliable.

HENRY W. MASON, M. D., Williamsburg, L. I.

## A FAMILY MEDICINE CHEST.

The following is what we usually send, and we have always found it to answer the purpose for ordinary family use, though, when any disease is present requiring Uterine Catholicon, the Consumptive's Balm, Pile Ointment, &c., &c., a specific order should be made. MR. GREEN sued a lady for breach of promise, and her friends offered him two hundred dollars to settle it. "What!" cried Green, "two hundred dollars for ruined hopes, a shattered mind, a blasted life, and a bleeding heart? Never! but make it two hundred and twenty-five and it is a bargain!"

THE Graefenberg Uterine Cathelicon has been recommended by physicians throughout the country in all cases of female weakness and uterine disease which they were unable to cure with the regular remedies. Up to this time not a single failure to cure has been reported.

A WOODEN-LEGGED amateur happened to be with a skirmishing party lately, when a shell burst near him, smashing his artificial limb to bits and sending a piece of iron through the calf of a soldier near him. The soldier "grinned and bore it" like a man, while the amateur was loud and emphatic in his lamentation. Being rebuked by the wounded soldier, he replied: "Oh, yes; it's all well enough for you to bear it. Your leg didn't cost you anything, and will heal up; but I paid \$200 cash for mine."

## THE GRAEFENBERG DYSENTERY SYRUP.

(Entirely Vegetable. See page 1.)

**An unfailing remedy in Diarrhea and Dysentery, Cholera Morbus and Asiatic Cholera, Looseness, Griping, Cholera Infantum, and all Complaints of the Bowels.**

It never fails to cure the worst possible cases of Bowel Complaints, generally in a few hours, seldom beyond a day. It is *purely vegetable*, and is perfectly safe. It has cured hundreds of cases given up by the doctors. The earlier these diseases are attended to the easier they are cured. It should, therefore, be in every family.

It does not depend on astringency, like all other preparations. The ordinary articles used lock up the pores of the intestinal canal, and thus retain the acrid fluids which nature is so earnestly endeavoring to expel; but this neutralizes and renders them harmless, and consequently the disease subsides of itself. Its action is three-fold: 1st. It immediately reaches and arrests the cause, and promptly checks the disease. 2d. The body, though racked with pain, is instantly soothed to perfect quiet. 3d. The inflamed surfaces of the stomach and bowels are sheathed and protected against their acrid contents. These things being fulfilled, nothing more is requisite; the patient is well, and his body soon resumes its regular and healthful functions.

In other places we have published certificates of the value of the Graefenberg Dysentery Syrup, from THE BOARD OF HEALTH of New York City; THE COMMON COUNCIL of Newark, N. J.; PRESIDENT BOARD OF ALDERMEN, N. Y.; COUNT BODISCO, Russian Ambassador; CROTON WATER COMMISSIONERS, New York, &c.

For complete and valuable remarks concerning these diseases, their cause and treatment, see Graefenberg Manual of Health, pages 82 and 83.

was severely attacked with Dysentery incident to tropical climates, and for which I could obtain no relief. Shortly after my return from Mexico I used the Graefenberg Dysentery Syrup, which removed the disease in less than twenty-four hours. I have known several instances where officers of the army were afflicted with Chronic Dysentery, contracted in Mexico, and in every instance the Graefenberg Dysentery Syrup effected a complete cure. I deem it, in every respect, worthy the confidence of the public and the medical faculty, whether in tropical or temperate climates.

A. W. TAYLOR, Col. N. Y. Volunteers.

I have been severely afflicted with Chronic Dysentery for years, and for seven months my discharges ranged from two to ten times every twenty-four hours, and always attended with blood. Three bottles of the Graefenberg Dysentery Syrup effected a complete cure. I had previously tried Homeopathy, Allopathy, and every other method of treatment, with no help whatever.

HENRY W. BARSTOW, 98 Pine St., N. Y. City.

Last Summer I was suddenly and severely attacked with Dysentery, attended with great pain and other alarming symptoms. Being in company with Dr. Lewis A. Sayre, a distinguished physician of No. 795 Broadway, and one of the Medical Board of Bellevue Hospital, he advised me to call upon the Graefenberg Company and procure a bottle of their Dysentery Syrup, remarking that it would cure me within two hours. It did so; and I have since seen its effect in other cases so remarkable that it fully warrants my faith in it and Dr. Sayre's recommendation of it.

SAM'L F. RIGHTER, New York City.

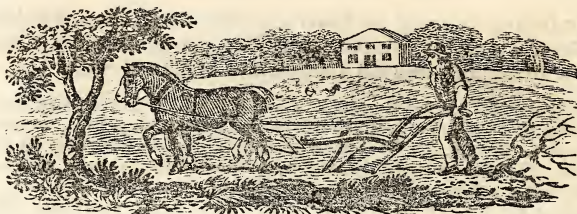

I have accomplished great results with some of the Graefenberg Medicines. Have used the Catholicon, the Consumptive's Balm, and the Vegetable Pills in cases of Suppressed Menses, Constipation, and Consumption, with the happiest results.

The Graefenberg Family Medicines are PURELY VEGETABLE.

I AM an old nurse, and I have always noticed the GRAEFENBERG VEGETABLE PILLS as sovereign in all simple fevers where the symptoms were as follows: Shivering or chill followed by heat; pulse strong, quick, and hard; dry skin, mouth, and lips; tongue bright, and slightly coated; quick breathing; deranged bowels, and thirst. You may rely upon this.

MRS. SARAH MELVIN, Bridgewater, Mass.

AN old minister up-town the other day asked a woman what could be done to induce her husband to attend church. "I don't know," she replied, "unless you were to put a pipe and a jug of whisky in the pew."

WHEN a Hindoo priest is about to baptize an infant, he utters the following beautiful sentiment: "Little babe, thou enterest the world weeping, while all around thee smiled; contrive so to live that you may depart in smiles, while all around thee weep."

THE GRAEFENBERG MANUAL OF HEALTH has been revised and improved, and elegantly illustrated with beautifully colored engravings of the human system. Full descriptions of all the Graefenberg Family Medicines are found in its pages. It is sent by mail to any part of the country, on the receipt of twenty-five cents.

In one of the old Dutch settlements of the Mohawk Valley a very honest farmer was elected Justice of the Peace. It was not supposed that the Squire had amassed much legal learning, but he was quite noted for his unsophisticated honesty and frankness. It happened that his first case was quite hotly contested by lawyers on both sides. They summed it up elaborately, and after they got through, the bar-room of the hotel (his office) being crowded with eager spectators to hear the first decision of the new Justice, the old man deliberately folded up his docket, put it under his arm, lit his pipe, and said: "Well, gentlemen, I shall take four days to decide, but shall essentially find shugement for de plaintiff."

# THE GRAEFENBERG UTERINE CATHOLICON.

(Entirely Vegetable. See page 1.)

Woman, from the peculiar physiological functions of her organs, and from the refined and delicate sensibility of her nervous system, is subject to diseases which destroy her own happiness and greatly impair her power of contributing to the happiness of others. Every mother and head of a family, and most women above the age of fifteen years, are painfully conscious of this fact, and all, in a greater or less degree, are interested in the search for a prompt and efficient remedy for the various forms which the diseases alluded to assume.

Until the organization of the Graefenberg Company, the medical profession sought in vain for a cure for these complaints, to which every woman is liable, and from which wealth, refinement and station afford no exemption.

The experience of many years, the severe tests or investigation by scientific medical men, the use of the medicine in the practice and in the families of physicians, and its general use in the families of clergymen and among the most cultivated and refined in the country, has resulted in stamping the elegant and well-known preparation of the Graefenberg Company as the only reliable remedy ever known for the universal and distressing diseases of women.

It is prepared by an educated physician of great experience, and it will always be found fully equal to representations concerning it. It is known as

Fifteen years of ample and varied experience has proved, beyond the shadow of a doubt, that this Catholicon will restore functional and general health, freshness of complexion, and constitutional vigor; and it will do this at all ages of female life, from the young girl languidly budding into womanhood, to when the "turn of life" leaves the system enfeebled and unable to meet the demands of the change upon the constitution. *In the troublesome symptoms attending pregnancy, the benefit of the Catholicon is most remarkable.*

### TESTIMONY.

I now sit down to write the effects of the Graefenberg Uterine Catholicon in my own case. *Language cannot portray half its value.* To appreciate it, a person should suffer as I have done; try everything else and fail to get any relief; feel life a burden; see a helpless family of young children growing up, with the mother sick and powerless to care for them;—and then to feel the healthful influence of the Graefenberg Catholicon restoring a frame, racked with pain and agony, to youthful vigor and health. Until a woman has experienced this she does not know how much the Graefenberg Catholicon has blessed the world. It cured me of dreadful and long-continued sufferings; I have spoken and written about it—urged others to take it—AND I NEVER KNEW IT TO FAIL.

MRS. C. A. BARTLETT, Green Bush, Wis.

 The above case was one of the very worst which ever came to my knowledge. The Graefenberg Catholicon effected a cure. This wonderful medicine is a CERTAIN, ABSOLUTE, UNFAILING REMEDY IN ALL SUCH CASES, and in all cases for which it is recommended.

J. F. BRIDGE, M. D., N. Y.

We feel it a duty we owe to the public to state that the Graefenberg Uterine Catholicon is a medicine invaluable for complaints classed under the head of Female Diseases. We have used it, and have been greatly benefitted thereby—so much so that, were the price double, we would have it. To the thousands of our sex who are suffering from weakness, we would recommend the Catholicon as a sure cure. It gives strength to the system and enables each of the organs of the body to perform their appropriate functions.

MRS. W. CARTER, MRS. E. E. WEEKS,

MEDINA, Ohio, March 1, 1861.

MISS C. SWORMSTEIT.

 The above-named ladies we are personally acquainted with, and know that for several years, while we lived in Medina, they were great sufferers. Miss S. has been so badly afflicted that it was with difficulty she was able to stand upon her feet. A few bottles of Catholicon entirely cured her of her complaints. My wife received great benefit from this medicine. We recommend it to the ladies of this country as a safe and efficient remedy for the many complaints they are subject to.

JOHN WEEKS, Editor *Cunfield* (O) *Herald*.

We have sold the Graefenberg Family Medicines for a number of years, and take pleasure in saying that they have always proved all that you claim for them—the most reliable remedies of the day.

We dislike to particularize where all of them appear to be indispensable, but cannot refrain from referring to the Graefenberg Uterine Catholicon, which has never failed in its mission, and has produced results, under our immediate observation, both wonderful and satisfactory.

It is especially useful in diseases incident to Pregnancy, and we have no hesitation in saying that its use by persons in that condition, whether delicate or healthy, will invariably be attended with benefit.

It has been used by various women in this vicinity for Barrenness, and in every instance with success.

MIEES & CO., Druggists, Portage City, Wis.

(Continued on page 14.)

(Continued from page 13.)

Having used the Graefenberg Uterine Catholicon in my practice for the last five years, I take pleasure in recording my testimony of its value, for I do not know of a single instance where it has not given the most complete satisfaction; and many cases of Uterine Complaints have come under my notice, which, after having exhausted the skill of eminent physicians, have been permanently cured by this medicine. In fact, I never knew a remedy so universal in accomplishing the object for which it is designed and of so great value to the human family as this.

D. S. HARSHA, M. D., Owatonna, Minn.

I hereby certify that I have used the Graefenberg Company's Uterine Catholicon in my family, and consider it the best remedy for diseases peculiar to females that I have ever seen.

My wife was afflicted with Prolapsus Uteri (Falling of the Womb), and by the use of the Catholicon is completely cured.

I would earnestly recommend it to any lady who may be subject to those distressing complaints.

REV. A. G. COOLEY, of the M. E. Church,

Onalaska, Wis.

I most cheerfully indorse the above recommendation of the Graefenberg Company's Uterine Catholicon, having used it in my family with entire success.

I consider it the best remedy for female complaints in use.

## GRAEFENBERG CHILDREN'S PANACEA.

(Entirely Vegetable. See page 1.)

Invaluable in all Diseases of Children—such as Jaundice, Griping and Flatulency, Diarrhea, Thrush, Rickets, Convulsions, Croup, Measles, Teething, Ringworm, Scald Head, want of Action in the Bowels, and Worms.

A Methodist clergyman, the Rev. Peter Sharp, of Ohio, writes as follows:—"Wherever my circuit has been, I have particularly noticed, with regard to Graefenberg Medicines, in those places where they are used, the general health of the people is far better than where they are not used. For all children's diseases the Graefenberg Children's Panacea is better than anything I have ever known. The testimony of parents as well as of physicians guarantees my own observations, and puts the fact beyond a doubt. I wish it was in every family in the land."

This is to certify that I have used the Graefenberg Company's Children's Panacea in cases of Convulsions, Teething, and Indigestion. I would not be without it in my family for any consideration.

G. E. OLIVER, Hackensack, New Jersey.

We lost many children from Diphtheria this Winter in this city. Physicians could not cure them. In my family we used the Graefenberg Children's Panacea and Green Mountain Ointment, and saved all five of our little ones, though all had it, and some very severely. Other families who used it saved their children too.

CHAS. H. ROGERS, Chicago, Ill.

The writer wishes to add his further testimony to the value of the incomparable Children's Panacea in Teething and in all children's diseases, which he truly believes has been the means of saving the life of his youngest and favorite pet. She was much troubled with worms, and for a long time "physicians were in vain;" but at last the happy thought of that article, which no mother should be without, came to his mind, and he immediately administered it with the happiest effect—not a worm having appeared since.

### The Graefenberg Family Medicines are ENTIRELY VEG-ETABLE.

A WOMAN one day said to her physician, "Doctor, why is it that some men are born dumb?" "Well," said the learned man, gathering up the whole sum of his wisdom, "the reason of that is, that some children are born without speech." "Well, now, I am so glad I asked you," said the woman; "I suppose if I had asked my husband, he'd have said, 'Cause they is.'"

At Dieppe, in France, a famous bathing place, there is a police established, whose duty it is to rescue persons from danger. The following notice was recently issued to them: "The bathing police are requested, when a lady is in danger of drowning, to seize her by the dress, and not by the hair, which oftentimes remains in their grasp. Newfoundland dogs will also govern themselves accordingly!"

Let reason go before every enterprise, and counsel before every action.

HAVING always disliked mineral remedies and the prescriptions of the old-school physicians, and knowing the Graefenberg Family Remedies to be ENTIRELY VERIFIABLE, I commenced to use them in my practice, and I never knew them to fail in performing all that is claimed for them in all diseases for which they are recommended by the skillful and eminent physician of the Institution, Dr. J. F. Bridge.

WOULDN'T BITE SUCH BAIT—Our friend Jones has been doing homage to a pair of bright eyes and talking tender things by moonlight. A few evenings since Jones resolved to "make his destiny secure." Accordingly he fell on his knees and made his passion known. She refused him flat. Jumping to his feet, he informed her, in choice terms, that there were as good fish in the sea as ever were caught. Judge of the exasperation of our worthy swain when she coolly replied, "Yes, but they don't bite at any such bait."

### The Graefenberg Family Medicines are PURELY VEGETABLE.

In looking over the proceedings of an Ohio Sunday-School Convention we find the following resolution, offered by Mr. Smith, a pious and promising young lawyer:—"Resolved, That a committee of ladies and gentlemen be appointed to raise children for the Sabbath-School."

AN eccentric clergyman of the Calvinistic school once made an ordination prayer which contained the following valuable hint as to the best mode of dealing with theologic opponents:—"O Lord, may thy young servant put down the Methodists and Baptists, Episcopalians and Universalists, and all other sects, by *preaching better, and praying better, and living better than they!*"

WHAT is more likely to become a woman than any kind of dress? A little girl.

## THE GRAEFENBERG CONSUMPTIVE'S BALM.

(Entirely Vegetable. See page 1.)

Some far-gone cases of Consumption are incurable; but there is a chance of saving life, often after the patient is given up by friends and physicians. So many striking cases have been exhibited of the effect of the Graefenberg Consumptive's Balm, that it should be used in every instance, no matter how apparently hopeless it may be. Many a person now lives and enjoys good health, when, but for this, he would have filled the grave. Those who value the lives of their friends are inexcusable if they neglect this remedy, which is acknowledged by every one who has seen it used to be the best medicine ever prepared.

The symptoms of Consumption have been so often described by us, and are so well known, that we omit them here. The Graefenberg Manual of Health, page 102, contains the most concise and comprehensive article on Consumption ever written, and we most earnestly advise every one to obtain the Manual and consult it carefully.

I may well say that I was rescued from the very brink of the grave. I had neglected premonitory symptoms, and by-and-by, when I was alarmed, I found it was too late. I had genuine Consumption, and grew worse and worse. I did not see how I could ever rise again. My symptoms were, short and dry cough; expectoration of frothy mucous, sometimes watery and streaked with blood, and then of various colors; there was great uneasiness in the chest, which was aggravated by lying down; the pulse was very quick towards evening, and the face flushed after eating; I had very low spirits, and the appetite was impaired, the legs and face bloated, and I was too weak to stand.\* I began to use the Graefenberg Consumptive's Balm, though with little faith; but it cured me effectually, and I am as well as ever I was. I have seen many others cured in the same way. Your price is pretty high, but I don't know that we ought to complain when it does so much good.

E. P. PETERSON, Baltimore.

\* These are the symptoms usually attending a serious case of Consumption; and they should never be neglected for a moment. Sometimes they are not so severe, but a necessity for the medicine is indicated, and the earlier it is taken the more is the certainty of a speedy cure.

To J. F. BRIDGE, M. D., Resident Physician Graefenberg Company.

Dear Sir:—I write to beg you to republish the certificate of E. P. Peterson in your Almanac for 1863. It is so comprehensive and covers so many points that, though you have often published it before, I wish it again brought to the notice of my friends. I can vouch for all, and much more than you say, having used it in many worse cases than Mr. Peterson's, and with invariable success. Your skill and invaluable preparations are a blessing to the community.

P. COOKER, M. D., Buffalo, N. Y.

## THE GRAEFENBERG HEALTH BITTERS.

(Entirely Vegetable. See page 1.)

They combine all the good qualities of a tonic, without any of the injurious effects of an over-stimulant. They give universal satisfaction wherever used. They are an excellent Spring and Fall medicine, taken in connection with the Vegetable Pills, to prevent Spring Fevers and troublesome Coughs, also Autumnal Fevers, Intermittents, &c. They are prepared from a number of the most purifying, invigorating, and healing roots, barks, herbs, and vines, selected mostly from the vegetable materia medica of America.

I have used the Health Bitters in my practice, and find them the most reliable tonic I can procure. In all cases where the patient feels unwell, but cannot explain the symptoms, or, in other words, where there is only a slight weakening of the digestive organs, without any serious disease, the Health Bitters should be used at once. I have given them to persons who have been ailing for some time, and they are now much better than they have been for many years.

The Graefenberg Medical Institute, under the skillful medical supervision of its eminent head, Dr. J. F. Bridge, has restored hundreds of suffering women to health during the past few years.

At a young ladies' seminary, a few days since, during an examination in history, not one of the most promising pupils was interrogated:—"Mary, did Martin Luther die a natural death?" "No," was the prompt reply; "he was excommunicated by a bull!"

"Come home, my son," said a parent to one who had been absent from home for some time; "come home, and your mother will kill the fatted calf for you." "Tell her not to do it, father," replied the offspring, "for I have lived on veal ever since I've been here. Tell her to kill a quarter of a pig instead."

"Sir, this horse you sold me can't be made to start." "Well, didn't I guarantee him as never starting?"

## THE GRAEFENBERG FEVER AND AGUE REMEDY

(Entirely Vegetable. See page 1.)

This splendid remedy will always and CERTAINLY cure Ague and Fever (Intermittent Fever). The symptoms of this Fever are well known. Use the Graefenberg Fever and Ague Remedy according to directions accompanying the box. Soak the feet in hot water, and keep in a warm room, so as to induce perspiration. The Fever and Ague Pills will act gently upon the bowels and purify the blood, while the powders will act as a tonic and invigorate the system, thus enabling it to throw off the disposition to an Ague attack, and the patient will find all trace of the disease rapidly removed.

*Dear Sirs:*—We hereby certify that we have submitted your Fever and Ague Remedy to a close inspection and scientific analysis, and have also tested its curative qualities in several cases of intermittent fever. We take great pleasure in saying that it has proved completely successful, and that it is a most skillfully compounded remedy. It must exert a most beneficial influence in all such cases; its tonic properties are immediate and highly salutary, and it is richly deserving the confidence of our brethren of the medical faculty and of the public.

## THE GRAEFENBERG EYE LOTION

(Entirely Vegetable. See page 1.)

This simple and entirely harmless remedy is a speedy and positive cure for Inflammation of the Eye, Weakness, Dimness, and Failing of the Sight.

Many persons who have suffered for weeks from Inflamed Eyes, caused by a Cold, have been entirely relieved in a few hours by the use of this simple remedy. Others, who have been compelled to remain in a dark room for months, have resumed their usual business in the course of two weeks. There are several instances on record where hundreds of dollars have been paid to the most eminent oculists, without avail, and then two bottles of the Graefenberg Eye Lotion effected a complete cure.

The Graefenberg Eye Lotion is the most remarkable thing I ever met with. I have cured the worst cases of all kinds of trouble in the eye, in every instance where I have tried. My experience in its value is so great as hardly to be believed, except by those who have seen the patients and its curative action upon them. It is a remarkable instance of the efficacy of simple and harmless preparations, provided, on'y, that they are skillfully put together, as is the case with the Graefenberg Eye Lotion.

GEO. H. KEYSER, M. D., Pittsburgh, Pa.

My wife has long been afflicted with sore eyes, and could see but little. A bottle of the Graefenberg Eye Lotion completely cured her, so that she can stitch the bosom of a fine shirt.

L. L. LEWIS, Cincinnati, Ohio.

We have used the Graefenberg Pills for years, and also the Graefenberg Uterine Catholicon, with good effect.

REV. L. BRIDGMAN, Middlefield, Mass.

People are beginning to think the Graefenberg Medicines cannot be beat .. Some have come twenty miles to our place for some of the Catholicon.

MATTHEW GAUNT, Arrow Rock, Mo.

I have been using the Graefenberg Vegetable Pills for five years, and recommending them to my friends, with great satisfaction. I am convinced that they are an invaluable medicine.

REV. JOHN CAMPELL, Wolf Creek, Morgan Co., Ohio.

Dr. J. F. Bridge, the eminent Physician and Surgeon of the Graefenberg Medical Institute, has testimonials of skill and success from most of the leading scientific men in the world with whom he is associated, as well as from those who have been cured by him and by the invaluable Graefenberg Family Remedies.

The following advice from a father to his son, just leaving home for school, contains a whole volume of practical lessons:—"You are going away from the care and watchfulness of home, and you will see many blackguard things done, and hear a great deal of foul, bad talk; but never mind. You keep a brave, kind, and true heart, and never listen to nor say anything you would not be willing your mother and sisters should listen to, and you will never be ashamed to come home; and we shall always be glad to see you."

It is certain that the remarkable scientific acquirements and medical skill of Dr. J. F. Bridge, the Resident Physician and Surgeon of the Graefenberg Medical Institute, have rendered it the favorite and most noted Medical Institution in the world.

On the marriage of a Miss Wheat it was hoped that her path would be flowery and that she might never be thrashed.

A PLEASANT minister, after lecturing a Sunday-school class in the most edifying manner, proposed to close the exercise by singing "Jordan"—meaning the hymn, "On Jordan's stormy banks I stand." The worthy man was horrified by hearing the whole school strike up "Jordan am a hard road to travel, I believe."

A YOUNG lady, on being asked what callin she wished her sweetheart to follow, blushing replied that she wanted him to be a husbandman.

During the 18 years that the Graefenberg Family Remedies have been before the public they have entirely superseded all others in the estimation of all who have used them, or who have known of their wonderful virtues.  They are PURELY VEGETABLE.

A MAN may be called poverty-stricken when knocked down by a beggar.

A FARMER, having made his fortune, moved into the city to enjoy it, but his old love clung to him, and he indulged in a small way in the agrestic pursuit. Visiting his friends in the country, and relating his experience in city farming, he said:—"I put outside my window a large box, filled it with mold, and sowed it with seed. What do you think came up?" "Wheat, barley, or oats?" "No, a policeman, who ordered me to remove it."

# THE GRAEFENBERG MANUAL OF HEALTH.

In many portions of this A'manac reference is made to the Graefenberg Manual of Health. It contains 300 pages (handsomely printed on fine paper), written in language plainly understood by every person.

It contains a full account of the symptoms, causes, and treatment of all diseases incident to this country and climate.

It is elegantly illustrated with engravings of the human system, and no work on medical subjects ever written has received so many and such complimentary notices from the press, from physicians, and from the public generally. We hazard nothing in saying that, with it in the house, disease is robbed of all terror; the head of the family is enabled to successfully treat nearly every disease; and the physician's bill is entirely done away with, except in severe surgical cases and violent accidents.

Price only 25 cents, which may be sent in money or postage stamps, and the Manual will be forwarded by mail and the postage prepaid.

In addition to the distinguished testimonials published and on file regarding the great value of the Graefenberg Family Medicines, Dr. Bridge, the Resident Physician, is permitted to refer to many eminent and literary men, prominent among whom are HORACE GREELEY, of the Tribune; Prof. M. P. JEWETT, President Vassar Female College, Poughkeepsie; the Rev. E. H. CHAPIN, D. D., of New York; Prof. A. P. PEABODY, of Harvard University; L. H. HATFIELD, United States Consul, Bombay, &c.

 The Graefenberg Family Medicines are protected by the  
United States Government. 

THE GRAEFENBERG INSTITUTION was organized under special authority from the State Legislature of New York. Desiring the additional guarantee of the United States under the new stamp laws for its copyright, the Secretary wrote to the Hon. GEO. S. BOUTWELL, Ex-Governor of Massachusetts and Commissioner of Internal Revenue, asking what steps should be taken to secure such protection. We submit the following extracts from the replies to DR. BRIDGE:

"TREASURY DEP'T, Washington, Aug. 6th, 1862.

"In reply, I beg leave to say that, in accordance with section 102 of the Internal Revenue Law, you must present a design for the stamp you propose to use.

"GEO. S. BOUTWELL, Commissioner."

On the 7th of August a design was presented, and reply was received containing as follows:

"TREASURY DEP'T, Washington, August 11th, 1862.

"In reply to your inquiries, I beg leave to say, that your design will answer if engraved on steel in proper manner.

"GEO. S. BOUTWELL, Commissioner."

Our friends throughout the country will thus feel secure against deception, and the Resident Physician of the Institution pledges his word that the Graefenberg Family Remedies will prove fully as valuable as they are represented to be.

 Counterfeiters and impostors will be rigidly dealt with.

## READ THE FOLLOWING:

The *New York Daily Times*, of Dec. 11th, 1861, commenting upon an article from  
the *New York Daily News*, says:—

"MEDICAL INSTITUTES.—Many new educational, medical and literary institutions  
are in progress. Among the most prominent of these we may refer to one peculiarly  
our own, and one that the older residents have watched with great interest—the  
Graefenberg Institute, No. 2 Bond Street. Originated by our own citizens, who ex-  
hibited their Knickerbocker feelings by the quaint old German title, the founders of  
this excellent medical Institution obtained for it the legislative sanction of the State,  
and have gradually grown in popular esteem, until their buildings, No. 2 Bond Street,  
bear solid evidence of their prosperity and the respect in which they are held. The  
medical theory and practice of this now world-renowned Institution may be spoken of  
with great favor. The advertisements, pamphlets, and almanacs published by the  
Board of Directors are unassuming, modest, but bearing indubitable evidence of in-  
trinsic worth. Differing from other establishments, addressing themselves to popular  
favor, all of their medicines are prepared and dispensed by educated physicians, and,  
as disease is no respecter of dull times, we advise those afflicted to investigate the  
principles inculcated in this treatment, when they can judge of it for themselves.  
Many of our most distinguished citizens have given it the sanction of their names,  
and, as New-Yorkers, we may rejoice in the prosperity of the Institution."

And an extract from a communication in the *New York Tribune* says:—

"The Graefenberg Medical Preparations, guided by true science, have achieved  
the most eminent success, and must ere long revolutionize the entire present system  
of treating disease. For a sixth of a century these medicines have been in practical  
use, and now there is no portion of the Christian world but what is familiar with these  
simple but effective remedies, the discovery of which may well throw ordinary scien-  
tific and philanthropic advantages far into the shade."

Four Boxes of GRAEFENBERG PILLS will be sent to any part of the coun-  
try, without expense, on the receipt of One Dollar.

On the receipt of \$5 or upwards, that amount of GRAEFENBERG MEDI-  
CINE, at retail prices, will be sent to any place in the United States, where there is  
an express line from New York, or from the General Agency, free of charge.
